

# EFD Induction

## Firmabesøk

A large, curved trade show banner for EFD Induction. The banner features the EFD Induction logo at the top right with the tagline "PUTTING THE POWER OF HEAT TO WORK FOR YOU". The main headline reads "Global reach local presence" above a world map. Below the map, the text "EFD Induction A passion for heat" is displayed. To the left of this text is a list of benefits: "Eco and energy friendly, fast precise, clean, controllable and repeatable". To the right is a collage of images showing various industrial applications of induction heating, such as a worker welding a pipe, a furnace, and a worker in a hard hat. At the bottom right, a list of industries is provided: "Automotive, energy, railway, cable and wire, appliances, shipbuilding, tube and pipe, machine, tool and mechanical, oil and gas and many more industries."

# Global reach Local presence

EFD Inc  
A passi

Eco and ene  
friendly, fas  
precise, cle  
controllable  
repeatable.

Frequency

Low, High, and Medium frequency heating of a gear  
(see 2018 Presentation)

Global reach  
Local presence
